

The 79th World Health Assembly (WHA79)

From Gaps to Gains:

Delivering UHC through Gender-Responsive Health Systems

Monday 18th May 12:30–14:00 CET

Auditorium de la Pastorale – 106 Route de Ferney, Geneva & Online

Join us on the sidelines of WHA to discuss the latest evidence, experience and best practices on advancing UHC through gender-responsive health systems. The event will examine the critical role of integrating gender-responsive approaches across all levels and building blocks of the health system, including policy and planning, financing, information systems and service delivery, to ensure equitable and effective health outcomes for all.

Moderator:

Prof. Helena Legido-Quigley
The George Institute for Global Health & Imperial College London

Panellists:

Dr. Magda Robalo
Women in Global Health and co-chair of UHC2030

Silviana Swallo
Midwife Specialist, Tanzania Midwife Association

Ramya Kancharla
WHO Global Coordination Mechanism on the Prevention and Control of NCDs

Dr. Alessandra Aresu
Humanity & Inclusion

Alice Witt
[MESSAGE Project](#), Imperial College London

Marijke Kremin
NCD Alliance

This event is taking place at the WHA79 Civil Society Networking Space hosted by CSEM for UHC2030.

You can join us anytime to network and discuss global, regional and national advocacy strategies for universal health coverage! The space will be open for everyone to drop by and connect with colleagues and friends and to attend UHC-related events. [Find more information here.](#)
